Any discrepancies, however, should favor the school catalog in terms of accuracy and effectiveness.

Any questions or concerns regarding the information contained herein may be directed to the school's administration at the front desk or by calling 213-382-1136 (Los Angeles Main Campus) or 714-228-0307 (Buena Park Branch Campus) during normal business hours.

INSTITUTIONAL INFORMATION

MISSION

The mission of Nobel University is to advance responsible business practice through pragmatic education that is entrepreneurial in nature, Christian in focus, and global in orientation.

PURPOSE

Nobel University seeks to create a Christian learning environment in which the educational needs of all undergraduate and graduate students are met through preparation for careers in business-related fields and occupations.

NOBEL UNIVERSITY FAITH STATEMENT

1. We believe that God eternally exists in three persons — the Father, the Son, and the Holy Spirit — having precisely the same nature and attributes.
2. We believe God, by the word of His power, created from nothing the heavens and the earth and all that is in them. He further preserves and governs all His creatures and all their actions according to His most holy, wise, and powerful providence.
3. We believe that man was created in the image of God, good and upright, but fell from his state of innocence by voluntary disobedience of God.
4. We believe that salvation is entirely by the grace of God, apart from human works or merit, and that it is received through faith in Jesus Christ, who died for our sins.
5. We believe that there is a personal devil who seeks to tempt and separate people from God.
6. We believe the bodies of men, after death, return to dust and see corruption, but their souls, which neither die or sleep, having an immortal subsistence, immediately return to God who gave them.
7. We believe that the Church is the body of Christ and that the people of God are called to community, worship, discipleship, mission, and education.

INSTITUTIONAL OBJECTIVES

In support of the mission statement, Nobel University has developed four objectives. By the completion of the degree program, students will be able to:

1. Demonstrate the most contemporary theories, principles, and concepts in its business program offerings.
2. Demonstrate cultural awareness and tolerance through the intellectual and social development.
3. Demonstrate a sense of professionalism, including values, ethics, and the necessary judgment to function effectively in their chosen business field.
4. Demonstrating biblical and ethical standards in personal life and career.

INSTITUTIONAL INTEGRITY POLICY

Nobel University is committed to integrity as a central element of our mission and values. NU's daily operations are conducted with honesty and transparency, which are also reflected in the way the institution represents

itself to students, the public, and other organizations with which it partners. All members of our university are expected to abide by ethical and professional standards at all times. NU further abides by federal and state laws and other regulations, as well as policies set by the university and board. At NU, we all share responsibility for preserving this value, in order to promote an environment of integrity within our community.

INSTITUTIONAL POLICIES

STATEMENT OF NON-DISCRIMINATION/EQUAL EMPLOYMENT OPPORTUNITY

Nobel University does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, pregnancy, disability, or prior military service in administration of its educational policies, admission, employment, educational programs, or activities. The School's executive officers are responsible for the coordination of nondiscrimination efforts and the investigation of employee and student complaints.

The laws and regulations prohibiting such acts of discrimination are (1) Title VI and VII of the Civil Rights Acts of 1964, 29 CFR 1601-1607; (2) Equal Pay Act of 1963, 29 CFR Part 800; (3) Title IX of the Education Amendments of 1972, 45 CFR Part 86; (4) Age Discrimination in Employment Act of 1967, 29 CFR Part 850; (5) Sections 503 and 504 of the Rehabilitation Act of 1973, 45 CFR Part 84 and 41 CFR Part 741; (6) Section 402 of the Vietnam Era Veterans' Readjustment Assistance Act of 1974, 41 CFR Part 60-250; and (7) the Americans with Disabilities Act of 1990.

FREEDOM OF SPEECH

Nobel University firmly believes in the individual's right to expression, so long as such expression does not infringe upon or suppress the rights of other individuals. Article 1, Section 2(a) of the California Constitution, states that every person may freely speak, write, and publish his or her sentiments on all subjects. Communications involving hate violence, sexual and/or racial discrimination, and "fight words" are not protected by the law. The School shall uphold and enforce these rights and should any person's actions violate the rights of another individual, such person shall be subject to disciplinary action.

ACADEMIC FREEDOM POLICY

Freedom of inquiry and the open exchange of ideas are fundamental to the vitality of Nobel University. The principles of academic freedom are critical to ensure higher education's important contribution to the common good. Basic academic freedom includes the ability to do research and publish, the freedom to teach, and the freedom to communicate extramurally.

Nobel University is committed to assuring that all persons may exercise the rights of free expression, speech, and assembly, and affirm below the following statements and principles:

1. Nobel University affirms its fundamental mission to discover and disseminate knowledge to its students and the society at large. The School shall support the pursuit of excellence and academic freedom in teaching, research, and learning through the free exchange of ideas among faculty, students, and staff. The School and its community recognizes that quality education requires an atmosphere of academic freedom and academic responsibility for academic freedom is always accompanied by a corresponding concept of responsibility to the School and its students, staff and faculty.
2. Nobel University affirms that academic freedom for students rests first upon their access to a high-quality education and their right to pursue a field of study that they deem appropriate and desirable.
3. Nobel University reaffirms its support of the principles of academic freedom as they apply to the rights of students in a class and School environment that fosters civil discourse, respect, open inquiry and freedom of expression.

DISCIPLINARY POLICY

The primary goal of the Nobel University Disciplinary Policy is always to pursue the full restoration of the involved student. With this goal in mind, the suspension of a student from the School is not a desired result, but suspension may occur if a student shows an unwillingness to comply with or meet the objectives of a restorative action plan. Intermediate consequences are employed whenever possible to avoid suspension or expulsion. Each incident is reviewed on a case-by-case basis, with consideration of (1) the severity of the violation, (2) the context of the incident, (3) a history of prior misconduct, (4) the responsiveness of the accused to confrontation, and (5) the degree to which the individual displays genuine repentance.

Community members are expected to provide firsthand testimony that will bring greater clarity and understanding to the review. While painstaking efforts are taken to maintain consistency from case to case and individual to individual, confidentiality often prevents the disclosure of details that contribute to a decision, occasionally resulting in unanswered questions regarding a disciplinary outcome. Uninformed community members are asked to extend the benefit of doubt to officials, knowing that prayerful consideration has been employed in the proceedings and the subsequent outcome.

The Administrator of Student Services serves as the chief student conduct officer for the University and works with other administrators to resolve student disciplinary matters. The Student Handbook provides guidelines that are used to establish continuity for administering consequences for violating community standards. The Student Handbook is available from the university website, campus front desk and Administrator of Student Services. This handbook details the disciplinary procedure of Nobel University.

Guidelines for Imposing Consequences

The following guidelines are designated to establish a system of continuity for administering consequences for the violation of community standards. The administrator(s) should typically employ the following guidelines in determining an appropriate consequence, unless there are exceptional circumstances that warrant an alternative response on the part of Nobel University.

Level 1 Violations: These are minor violations. Customary action would include, but is not limited to, a verbal or written warning with the possibility of additional sanctions.

Level 2 Violations: These are intermediate violations that may indicate a breach in judgment or character on the part of the violator. Customary action would include, but is not limited to, behavioral probation with additional sanctions, a limited-term suspension including campus visitation, and/or required reduction of quarter hours.

Level 3 Violations: These are major violations and will be dealt with accordingly. Often Level 3 violations are also criminal acts. Customary action would include, but is not limited to, suspension with additional sanctions, or expulsion. When appropriate, the School will refer the incident to law enforcement authorities.

Note: Disciplinary action is customarily cumulative. Consequently, multiple individual lower level violations could result in a higher level of consequence.

Mandatory or Minimum Consequences

In order to establish a healthy community environment and influence lifestyle choices by which its members may be successful in attaining the mission of the institution, the University takes an unequivocally firm stand on student misconduct that falls in the following categories:

- Intoxication and drunkenness;
- Drug possession and/or use

- Sexual misconduct
- Violent acts or intimidation
- Endangering the safety of others
- Plagiarism or other forms of lying or cheating
- Non-compliance with the request of the University's official or representative acting within his or her official capacity.

The University believes that lifestyle choices and behaviors that fall in these categories have the greatest propensity for diminishing an individual's academic success and spiritual formation, and are likely to negatively impact the quality and character of the campus community. Thus, these violations are met with a minimum consequence of suspension.

Disciplinary Process

Should a student fail to meet the standards or spirit of this handbook and it becomes necessary to impose disciplinary action, the remedies will be used:

- Corrective Measure: The failure of a student to meet a standard or the intent of a standard may be brought to the attention of the student by faculty, staff, or peers. The goal of a corrective measure is for the student to recognize his or her failure to meet the standard, to take immediate action to meet the standard, and to agree to comply with the standard in the future. This remedy is commonly warranted when dealing with Level 1 violations.
- Restorative Action Plan: A student who does not meet the standards of this handbook following the correction measure, or a student whose failure indicates a lack of biblical integrity or character will be required to meet with the Administrator of Student Services, Academic Dean, and/or President. The purpose of this meeting is to develop a restorative action plan to resolve the issue and help the student grow and develop in integrity and character. Restorative action may include specific task assignments, restrictions, prohibitions, accountability meetings, and/or limited-term suspension. This remedy is commonly warranted when dealing with Level 2 violations. If the student does not agree to the restorative action plan, or if the student fails to meet the objectives and specific goals of the restorative action plan, the student progresses to the next step in the Disciplinary Policy.
- Voluntary Withdrawal: A student's failure to meet the objectives and specific goals specified in the restorative action plan will be reviewed by the Administrator of Student Services, Academic Dean, and/or President. If the student believes that he or she could be best served by returning to his or her home church, the student may make a request to Nobel University administration to voluntarily withdraw from the University. This cooperative decision by the involved student and the University administration has the goal of returning the student to the pastoral care of the local church for restoration. Consequently, the University will discuss the matter with the student's pastor as a condition of the withdrawal. At the time of this voluntary withdrawal, the University administration will define specific administrative requirements that must be fulfilled for the readmission of the student to the University. Documentation of this voluntary withdrawal and the requirements for readmission will be placed in the student's file.
- Suspension: A failure by a student to meet the objectives and specific goals specified in a restorative action plan or other corrective measure will be reviewed by the Administrator of Student Services, Academic Dean, and/or President. The administrators will consider suspending the student from Nobel University. Suspension is the involuntary separation of a student from the University for a specific amount of time. If suspension for one or more quarters is deemed necessary, the student will receive a failing grade (W/F) in all classes in which he or she is enrolled, and the University administration will define specific administrative requirements that must be fulfilled for the readmission of the student to the University. Documentation of

this suspension and the requirements for readmission will be placed in the student's file. During suspension, the Administrator of Student Services may suspend a student's access to the Residence Hall, apartments, campus community, or may, in cooperation with the Academic Dean, suspend a student's access to faculty members and the classrooms.

- **Expulsion:** If, in the opinion of the President of Nobel University, a student's behavior or character so disqualifies him or her from Christian service that successful completion of the program seems unlikely, the President will direct that the student be dismissed indefinitely. Such a dismissal is called "expulsion." A student who is expelled will receive a failing grade (W/F) in all classes in which he or she is enrolled and is not encouraged to apply for readmission.
- **Appeal:** If a student has new information that might affect the decision of a particular administrator, faculty member, staff member, or any official School committee holding disciplinary powers, the student may submit an appeal in writing, within five working days of notification of the School's decision, or of the time that the new information came to light. The written appeal is to be submitted to the Administrator of Student Services requesting a hearing with the Disciplinary Committee. A copy of this appeal and the response from the School administration will be placed in the student's file. Note: The written appeal should include the new information and an explanation of how the current decision might be affected.

In cases where there is no new information to be presented or the decision has resulted in the termination of student status, the student may request that his or her written appeal be forwarded to an Appeals Committee for review. The Appeals Committee is an *ad hoc* committee comprised of three individuals from the pool of School officials unrelated to the decision. The Administrator of Student Services will serve on the committee as the School's representative. A student representative may also serve as a member of the committee. Any adjustments to the prescribed representation will be discussed in advance of the review.

Note that the role of the Appeals Committee is not to rehear the case and render a second judgment, but to determine if the disciplinary process has been fair and reasonable, the evidence supports the findings, and the consequences are justified by the criteria established in this handbook. The committee will either uphold the decision as sufficiently meeting the aforementioned criteria or submit recommendations to the President considered implementation. The President's subsequent decision then becomes final.

SECURITY AND SAFETY

The building in which the university is located is generally safe and secure. While this is generally true, all students must be aware of any unusual activity, which might put the community in danger. All unusual situations should be reported to the closest staff member or security personnel so that appropriate steps for safety can be taken.

Security Measures

The following security measures are in place to enhance safety while on the Nobel University premises:

- 1) All visitors must check in and out at the front desk;
- 2) Security cameras are installed on entry points and major traffic areas of the facility;
- 3) Unnecessary entry points to the facility will remain locked; and,
- 4) All entry points other than the main entrance will be locked during non-classroom hours.

Emergency Plan

- **Evacuation:** Used to move students and staff out of the building. With a simple evacuation, students and staff leave and move to a nearby pre-designated safe location and return to the school building right after the cause of evacuation is resolved. Schools practice evacuations regularly, including fire drills.
- **Relocation:** Used to move students and staff to a pre-designated alternate site following evacuation when it is determined that returning to the school building will not take place within a reasonable period of time. Depending on the time of day and the circumstances, students may be released early or put on hold until they are able to return to the school building. Plans should also be in place for students and staff with limited mobility who may need assistance moving to the relocation site.
- **Shelter-in-place:** Used during severe weather or other environmental threats (e.g., air contamination due to a local fire). This is a precaution aimed to keep people safe while remaining indoors. (This is not the same thing as going to a shelter in case of a storm.) In schools, shelter-in-place involves having all students, staff, and visitors take shelter in pre-selected rooms that have phone access and stored disaster supplies kits and preferably access to a bathroom. The room doors are then shut.
- **Lockdown:** Used when there is a perceived danger inside the building.

A lockdown includes securing each occupied room by locking the door(s) and directing people to move away from windows and doors. Hallways are cleared of students and school staff. Typically, local law enforcement arrives to secure the site and arrange for evacuation or return to usual building activities. Students are kept in their classrooms or other secured areas in the school until the lockdown has ended.

- **Lockout:** Used to secure the building from a potential threat outside the building, such as when an unauthorized person is loitering on school grounds or when there is criminal activity in the neighborhood.

During a lockout, access to the building is restricted, but there may be some limited movement within the building.

SEXUAL HARRASSMENT

Consistent with the School's policy on equal employment opportunity, harassment in the workplace based on a person's race, color, sex, religion, national origin, age, disability, or any other protected class, will not be tolerated concerning employees or applicants for employment. Nobel University is committed to preventing and promptly correcting such harassing behavior.

Harassment of any form is condemned in the workplace, and the School recognizes its duty to provide employees with a harassment free environment in which to work. The following describes the type of conduct that is prohibited as well as the complaint provisions to investigate and remedy any problems that may arise. Each complaint of such conduct will be given swift and serious attention and will be thoroughly investigated. There will be no reprisals taken against any employee for making allegations or inquiries concerning harassment.

Sexual harassment can also be any activity, which creates a hostile or offensive working environment for members of one sex -- whether such activity is carried out by a supervisor or a coworker. It is also sexual harassment for a supervisor to take disciplinary action against or deny a promotion to an employee because he or she rejected sexual advances. Behavior that constitutes sexual harassment includes but is not limited to the following: unwelcome sexual advances, requests for sexual favors, sexual exploitation, gestures or other forms of communication of a sexual nature considered inappropriate to the employment setting of the School. In addition, actions, words, jokes or comments based upon an individual's race, ethnicity, age, religion, disability, or any other legally protected class, is harassment.

Sexual harassment of students, staff, or faculty is strictly prohibited by law and by School regulations. Sexual harassment is unacceptable and will not be tolerated on campus. The campus community will take all necessary and appropriate steps to protect students, staff, and faculty from sexual harassment and all forms of sexual intimidation and exploitation. Complaint procedures for employee complaints are available in the office of the Chief Operating Officer. The School staff and faculty may receive informal advising and assistance by contacting the Chief Operating Officer. The School encourages students, staff and faculty to become aware of and to take responsibility for their own security.

It is the obligation of all employees to cooperate fully in any investigation process. Disciplinary action may be taken against any employee who is uncooperative or who attempts to discourage or prevent an employee from using the School's complaint procedure to report unlawful harassment. Retaliation by the School employee against any individual who makes a complaint of unlawful harassment is strictly prohibited. Similarly, any person who participates or cooperates in any manner in an investigation or any other aspect of the process described herein shall not be retaliated against. Retaliation is itself a violation of this policy and is a serious offense. Complaints regarding allegations of reprisal should be immediately brought to the attention of the Chief Operating Officer.

Discipline that the School may impose on employees for behavior that violates this policy and other unprofessional conduct by the School employee may include, but is not limited to, reprimand, suspension, demotion or dismissal. Unlawful harassment by non-employees may result in restricting the harasser's access to all School offices and operating units.

In addition to the School's internal complaint procedure, employees may also contact the Equal Employment Opportunity Commission (EEOC) or the California Department of Fair Employment and Housing (DFEH) to report unlawful harassment.

INSTRUCTIONAL USE OF COPYRIGHTED MATERIALS

Nobel University recognizes that accomplishment of its mission may be facilitated by the use of works owned or created by others. It is the policy of the School that students, employees, and other individuals who use School facilities and/or equipment, and students, employees, and other individuals who use off-campus non-School facilities and/or equipment in connection with School activities or on behalf of the School, shall recognize those accomplishments by respecting the intellectual property of others and using such works only to the extent such use would be permitted by law. For example, this policy applies when photocopying is undertaken at all central copying centers, machines in the library, or on any other reproduction equipment owned or leased by the School or used in connection with School activities or on behalf of the School.

Students, employees, and other individuals subject to this policy who use material originated by others shall not, as a matter of policy, when using such materials, infringe on those rights of the originator which are protected by

copyright laws and shall secure permission to use or reproduce copyrighted works when such permission would be required under copyright law and/or pay royalties when such payment would be required. Students, employees, and other individuals subject to this policy are expected to obtain permission from the copyright owners unless the intended use is clearly permitted under the doctrine of “fair use.” Students, employees, and other individuals subject to this policy are expected to be selective and sparing in copying. “Fair use” shall not be abused. The School does not condone copying instead of purchasing copyrighted works where such copying would constitute copyright infringement. For purposes of this policy, copyrighted material means any work or intellectual property which may be subject to copyright under the laws of the United States. This includes, but is not limited to, literary works, including computer programs and compilations; musical works, including any accompanying words; dramatic works, including any accompanying music; pantomimes and choreographic works; pictorial, graphic, and sculptural works; motion pictures and other audiovisual works; and sound recordings. For example, this policy applies to photocopying for classroom use, use of computer software, use of videocassettes, and off-air videotaping.

This policy is not intended to waive any rights, remedies, immunities, or defenses available to the School in the event of an infringement or alleged reserved.

STUDENT RIGHTS & RESPONSIBILITIES

STUDENT RIGHTS

Nobel University maintains fair and reasonable practices in all matters affecting students: the delivery of educational programs, provision of support services, and timely resolution of disciplinary matters, as well as the handling of grievances.

The following statements of rights and responsibilities are not viewed as a final accomplishment of a completed institution, but rather as themes of a direction for a growing and changing educational environment.

Furthermore, it is assumed that the student has the right to protection from unauthorized disclosure of confidential material contained in School records.
6. Students of Nobel University have the right to reasonable and impartially applied rules, designed to reflect the educational purposes of the institution and to protect the safety of the campus.
7. Students of Nobel University who hold opinions about basic policy matters of direct concern to them have the right to have them heard and considered at appropriate levels of the decision-making process. It should be noted that students who have a continuing association with the institution and who have substantial influence have an especially strong obligation to maintain an environment supportive of the rights of others.
8. The student has the responsibility to act in a manner that is conducive to learning by the student and by other students by: being prepared, prompt, attentive and courteous in all academic settings (including classrooms, laboratories, libraries, advising centers, departmental and faculty offices, etc.) and complying with requests made by a faculty or staff member in an academic setting.

1974 PRIVACY ACT

Nobel University complies with the Family Education Rights and Privacy Act of 1974 (also known as “Buckley Amendment”). Any questions about the availability of student records or the release of such records should be addressed to the Registrar’s Office.

A student’s academic records, grades, and personal information, as in compliance with the 1974 Privacy Act (as known as Public Law 93-380, Section 438) may not be provided to third parties without his/her written consent.

Permission must be given by the student in order for the information in his/her file to be used as reference checks for credit or employment evaluation by third parties, and the student must file with the School Registrar a declaration to this effect that will be kept in the student's file. The provision to release financial data or related information to authorized state and/or federal agencies is not a violation of the 1974 Privacy Act.

Legally, authorized officials of State or Federal agencies may have access to student records for audit or evaluation of educational programs.

Upon matriculation, each student has access to all Nobel University services and facilities to which he or she is qualified. Access will be denied to persons who are not Nobel University students.

AMERICANS WITH DISABILITIES ACT (ADA) POLICIES

Nobel University is available to assist members of the School with disabilities who self-disclose and request classroom accommodations. In order for the School to provide eligible disabled members with reasonable accommodations, it is required that an official request for services and appropriate documentation be submitted to the Chief Operating Officer.

ACADEMIC DISHONESTY

Individual Faculty, in cases of academic dishonesty in class, may fail a student for that examination, activity or course. The faculty may refer the circumstance to the Department Chair for review and further action. The Chief Academic Officer may fail a student in a test, fail a student in a course, or expel a student for cheating or plagiarism. Cheating includes, but is not limited to, looking at another person's examination paper, using unauthorized notes in an exam, leaving the classroom during an exam and consulting notes or references.

PLAGIARISM POLICY AND CHEATING

Plagiarism Definition

Plagiarism is passing off someone else's ideas or words as your own without giving credit or without giving credit properly. Plagiarism may take the form of directly copying another's work (in whole or in part), improperly citing sources, or presenting another's view or concept without acknowledging the originator. Academic dishonesty also refers to cheating on quizzes or exams.

Procedure

First offenses will be handled at the department level. A faculty member who suspects a student of plagiarism will first meet with the student to discuss the problem. In the absence of any resolution, the student will meet with the Department Chair, and if a resolution still cannot be reached, then a meeting will be called with the Chief Academic Officer. Any instance of plagiarism that the faculty has decided to discipline with an "F" for the course will be reported along with appropriate documentation to the Department Chair and the Chief Academic Officer. A second offense will result in the possibility of dismissal from the School.

Penalties

Penalties for plagiarism and cheating may include but are not limited to the following:

1. Re-writing the assignment in question
2. Receiving an "F" on the assignment or test in question
3. Failing the course in which the assignment was submitted
4. Academic suspension
5. Dismissal from the School

COPYRIGHT POLICY

Copyright Law stimulates the development of creative works by protecting rights to that work, including the right to receive financial remuneration from the reproduction and distribution of that work. In general, Copyright Law protects literary works, musical works, dramatic works, choreographic works, artistic works, audiovisual works, sound recordings, and software. Copyright Law gives the copyright owner the exclusive right to reproduce, distribute, modify, and publicly display the works.

Use of copyright materials by educators is governed by the statute itself, and by guidelines that have been developed to interpret the Fair Use exception that is set forth in the statute. The provisions for Library copying are found in Section 108 of the Copyright Law Title 17 of the United States Code.

1. There cannot be any material advantage resulting from making a copy and the copy must bear the notice that the materials copied have been copyrighted.
2. It is possible to reproduce a copy of a published work for the purpose of replacement of material that is damaged, deteriorating, lost or stolen if it has been owned by the Library and after a reasonable effort has been made to obtain a duplicate copy and if a replacement copy cannot be obtained at a fair price.
3. Copies can be made from items in a Library for a user at their request if not more than one article, or other parts of a copyrighted collection, periodical, or recording is involved provided that the copy becomes the property of the user and the copy will not be used for any purpose other than private study, scholarship or research.
4. The Library must prominently display, at the place where orders for copies are taken or copies are made, a warning of copyright infringement and that the use of the items copied must be only the use indicated above.
5. There shall be no liability for copyright infringement upon the institution or its employees for unsupervised use of various types of reproductive equipment located in its premises, provided that such equipment displays a notice that making such a copy shall be subject to copyright law.
6. The person making the copy for their use has the liability for determining whether or not use of the copy fits the criteria for Fair Use as described in Section 107 of the Copyright Law Title 17 of the United States Code.
7. The law specifically states that permission given in Section 108 of the Copyright Law Title 17 of the United States Code does not include any musical work, pictorial, graphic or sculptural work, motion pictures or other audiovisual works.

DRUG, ALCOHOL AND SMOKING POLICIES

Nobel University has a policy of maintaining a drug-free learning environment. All members of the School community, which include administration, faculty, staff students, and guests, abstain from the consumption/use of alcohol, narcotics, and/or misuse of prescription drugs while on School property and on any field trip sponsored as part of the instructional program. Violation of this policy could lead to suspension, expulsion, termination, and in the context of criminal activity, referral to law enforcement agencies. Employees and students having difficulties with addictive substances can seek confidential advising from the Office of Student Services for referrals to agencies providing assistance with alcohol or drug related problems. It is the School policy that smoking is prohibited in all School buildings. At the discretion of the administration, outside areas may be set aside on School property to accommodate students, staff members, and faculty who smoke. Violation of the smoking policy may result in suspension or termination of academic status or employment.

WEAPONS POLICY

The possession or use of firearms or other weapons on Nobel University premises by any employee, student, vendor, or other visitor is strictly prohibited. Any exception to this policy must be authorized in advance by the Chief Executive Officer/President.

The student must address the complaint, dispute or grievance with the appropriate faculty no later than 3 weeks after grades are posted for a final grade or within 3 days after a student receives a grade for an exam, term paper or assignment. If the student is not satisfied with the faculty's resolution of their grade, the student has a right to submit a written request concerning the grade to the Chief Academic Officer.
2. The submission of a grievance concerning a grade must be in writing to the Chief Academic Officer. The Chief Academic Officer will review and investigate the grievance using their discretion to interview sources as needed. The Chief Academic Officer will notify the student within ten (10) days regarding the disposition of the grievance.

ACADEMIC POLICIES

ADMISSIONS POLICIES

Applications for admission are taken year-round. Application forms are available online and from the Admission's Office.

Prior to signing the enrollment agreement, we encourage you to review the school catalog and School Performance Fact Sheet. These documents contain important policies and performance data for this institution. This institution is required to have you sign and date the information included in the School Performance Fact Sheet relating to completion rates, placement rates, license examination passage rates, and salaries or wages, and the most recent three-year cohort default rate, if applicable, prior to signing this agreement.

Prospective students must contact the School to obtain an application packet. The packet will contain the required application forms needed for submission. The student must contact all relevant institutions for submission of proof of graduation attesting to their academic qualifications from undergraduate institutions for admission to the graduate program or submission of proof of high school completion for admission to the undergraduate programs. It is also the student's responsibility to ensure that all documents and forms are complete. Admissions decisions will be made within 30 days of receiving all required documentation. Students will not be admitted to the School without the required documentation and application/registration fee. If an applicant does not accept their admission or fails to matriculate within one year of acceptance, the applicant will need to go through the admissions process again. This means that the applicant must resubmit a non-refundable application/registration fee, application, documents, forms and information required for admission to their selected program. Previous admission does not guarantee readmission.

REGISTRATION

All students must register for certain courses in keeping with their academic plans and for which they meet the stated prerequisites.

To be considered a full-time student, undergraduate students must register at least 12 semester credits per term, while graduate students must register at least 9 semester credits per term.

The maximum course load per term shall be 15 semester credits for undergraduate students, and 12 semester credits for graduate students. Exceptions shall require prior approval of the Chief Academic Officer. Registration forms are available at the Registrar's Office.

ADD AND DROP POLICY

During the first two weeks of the semester, an undergraduate student may drop up to two courses, and an equivalent number of courses may be added to replace the dropped courses. A graduate student may drop one course, and an equivalent number of courses may be added to replace the dropped course.

Addition of courses is not allowed after the second week except under the same kind of emergency circumstances that would apply in the case of incomplete grades. To add and/or drop courses, a student must submit the completed Add/Drop Request Form to the Registrar's Office on or before the last day to add and drop.

LATE REGISTRATION

Students who have not completed registration by the last day of the registration period may register the courses during the first two weeks after classes begin. Students are not allowed to register after the end of the second week each semester. No enrollment or addition of any course is permitted after the first two weeks of the semester have passed without permission from the faculty involved and authorized by the Registrar.

ATTENDANCE POLICY

CLASSROOM ATTENDANCE

All work missed due to absence or lateness must be made up to the satisfaction of the faculty in order to receive credit for the course. Faculty may, at their own discretion, arrange for make-up examinations, in cases of excused absence. Unexcused absences or lateness for an examination will normally result in a failing grade for that examination.

Excessive absence is defined as absences in excess of 20% of scheduled classroom hours in didactic courses. Faculty will report excessive absences to the Program Chairs. Students may be asked to appear before the Program Chairs and the faculty. Failure to appear at the meeting may result in a failing grade, and may also result in academic probation.

If the excessive absences are not classified as excused, the Program Chairs may:

1. Place students on probation, giving provisions for return to good standing.
2. Suspend students for the remainder of the class meetings with no penalty grade assigned. Any tuition to be refunded will be refunded per Nobel University Refund Policy.
3. Suspend students for the remainder of the class meetings with a failing grade assigned.
4. Recommend to the Chief Academic Officer that students be dismissed from the School.

TARDINESS

Tardiness is a distraction to a good learning environment and is discouraged. Faculty may reduce final grades based on excessive tardiness.

LEAVE OF ABSENCE

A leave of absence (LOA) may be granted for personal emergencies and other circumstances that require a temporary interruption in attendance. If a leave of absence is unavoidable, it is best to finish the current semester before starting a leave.

A student who wishes to take a leave of absence must make the request prior to or on the first day of instruction by completing the Request for Leave of Absence form, with the exception of an emergency medical leave of absence. The leave of absence is effective only when the Registrar has acted upon the request and granted permission. A student who has taken a leave of absence without the Registrar's permission will not be considered as a continuing student without persuasive reason(s) and evidence to substantiate such reason(s).

Students that begin a leave of absence during a semester, after the add and drop period, will be assigned a grade of "W" for any coursework that cannot be assigned a final grade. Leave of absences may not be granted during a student's first semester. A leave of absence has no effect on satisfactory academic progress if no credits are attempted during the leave period. Students shall not be charged any sum of money for the leave of

absence. For the purpose of refund calculation, leave of absences are not charged, and are based on the last day of attendance.

Students who do not return to enrolled status at the end of the approved leave of absence are no longer considered to be pursuing a degree. Students who fail to apply for Request for Leave of Absence, or for whom a leave has been denied or has expired, should refer to re-entry.

In any twelve-month period, Nobel University may grant no more than a single leave of absence for a maximum of 180 days. Nobel University may grant more than one leave of absence in the event that unforeseen circumstances arise, such as medical reasons affecting the student or a member of the student's immediate family, military service requirements, or jury duty, provided that the combined leaves of absence do not exceed 180 days within the 12-month period. If the student does not return following the leave of absence, the school must terminate the student and apply the school's refund policy in accordance with applicable and published requirements.

Students taking a leave of absence must meet the following requirements:

- Student must be in good academic standing when requesting an LOA from the Registrar's Office.
- Student must submit a signed leave of absence form to the Registrar's office prior to taking the leave.
- Student must receive PRIOR approval from the Registrar's office before withdrawing from courses.
- Student must be outside the U.S. during the LOA, except for medical leave of absence.
(*International Students ONLY*)

MEDICAL LEAVE OF ABSENCE

In addition to the requirements for a leave of absence, student must submit a letter from a licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist recommending leave for a specific semester to the Registrar's Office.

INTERNATIONAL STUDENTS

Medical Leave of Absence

F-1 students are eligible to take an LOA due to medical reasons. Students have the option to return to their home country or remain in the U.S. to receive medical treatment if recommended by a doctor.

Students who wish to remain in the U.S. must obtain a doctor's letter recommending the LOA for medical reasons. Students who remain in the U.S. without obtaining advance approval for medical LOA from the Registrar's Office will be considered out of status.

Requirements for Medical LOA are as follows:

- Must have a letter from a licensed medical doctor, doctor of osteopathy, or licensed clinical psychologist recommending leave for a specific semester
- Doctor's note should specify if the student should remain in U.S. to receive treatment
- Must have PRIOR approval from the Registrar's Office before withdrawing from courses

Non-Medical Leave of Absence

If an F-1 student takes a leave of absence for more than five (5) months, the student's record will be terminated and the student cannot remain in the U.S. After submitting the leave of absence form for the approval from the Registrar's office, the student's SEVIS record will be terminated for "Authorized Early Withdrawal", which will not adversely affect the student's immigration record. The exact date of the termination will be based on the date the student indicates on this form. The student must depart the U.S. within 15 days of the termination date (for "Authorized Early Withdrawal" only).

Returning from a Non-Medical Leave of Absence

1. F-1 students returning from a leave of fewer than five (5) months:
 - Submit a written request to the Registrar's Office at least one month before the student plans to return to the School in order to reactive the record with USCIS. Once approved, the School will issue a new I-20 and the student will be able to re-enter the U.S.
 - Re-enter the U.S. with all required travel documents, including a valid F-1 visa.
2. F-1 students returning from a leave of more than five (5) months:
 - Submit a written request to the Registrar's Office at least three months before the student plans to return to the School in order to allow time for the creation and receipt of a new SEVIS record/I-20.
 - Pay for I-901 SEVIS fee for the new I-20's SEVIS ID.
 - Apply for a new F-1 visa, if applicable. It is recommended the student contacts the nearest U.S. embassy/consulate whether a new visa is needed.
 - The student will not be eligible for off-campus employment until the student is in a new F-1 status for at least one academic year.

GRADING SYSTEM

All student learning is graded on a letter basis. Any student receiving an "incomplete" grade will be given up to sixteen weeks to complete the assignment. Any student receiving a "D" grade or below is responsible for creating a plan for improving his/her grade with his/her faculty. Student performance is evaluated by examinations, attendance, classroom participation, special projects, seminars, research works, etc. The School uses the traditional 4.0 scale grading system for all examinations and final grades.

MBA program: Minimum Passing Grade is a C. Only those graduate level courses in which a student earns the equivalent of a 2.0 or better may be applied toward the total number of credits required for graduation.

UNITS OF CREDIT

Nobel University academic work is established by semester credit hours. One (1) semester credit hour earned is defined as the satisfactory completion of: at least fifteen (15) clock hours of didactic work (lecture hours); or at least thirty (30) clock hours of laboratory or supervised work; or at least forty-five (45) clock hours of practicum, as determined by the School. One (1) clock hour equals a minimum instruction time of fifty (50) minutes of supervised or directed instruction and appropriate break(s).

INCOMPLETE GRADE (I)

The faculty may assign the "I" grade when work is of passing quality but is incomplete for good cause. Assigning an "I" is at the discretion of the faculty, who is not obligated to do so. If faculty issues a grade of "I," the remaining coursework must be finished by the last day of the next semester (fall, summer, spring). If the course is not completed, the "I" will automatically lapse to an "F". It is the student's responsibility to discuss with the faculty the conditions and time frame for completing the course by the next term. The student is not to re-enroll in the course again unless the student receives an "F". The grade of "Incomplete" will be marked on the transcript until the final grade is complete. However, it will not be calculated into the GPA. Once the completed grade is reported to the Registrar, the grade is posted and the final grade is averaged into the cumulative GPA.

WITHDRAWAL (W)

Students may withdraw from courses during the first two weeks after classes begin without affecting their grade point average. Students thereafter are required to obtain permit from the Department Chair to withdraw. Withdrawal from enrolled classes after the first two weeks with the proper withdrawal procedure will result in a "W" grade recorded in the official transcript. No withdrawals are permitted during the final three weeks of instruction except in cases such as accident or serious illness. A grade of "I" will be automatically entered in the grade report if the student does not attend the final three weeks of class without being excused. Withdrawal grades are not included in the GPA. A refund of tuition, if any, will be made in accordance with the Refund Policy.

International students on F-1 Visas should check with the Administrator of Student Services before withdrawing from a class which could potentially place them below full-time status or risk violating their legal status.

REPEATED COURSES (R)

Any undergraduate course in which a grade of C- or below or any graduate course in which a grade of B- or below earned can be repeated once. The second grade, for better or worse, is calculated into the cumulative and term grade point average (GPA).

Important Additional Restrictions

1. Students may repeat the same course only once.
2. Students may receive credit hours for a repeated course only once.
3. Undergraduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of C or better.
4. Graduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of B or better.

It is the recommendation of the School for students to consult with the Chief Academic Officer if they have any questions about repeating courses.

GRADE REPORT

At the end of each semester, notification of students' academic standing and report of grades achieved while in attendance at Nobel University are available upon students' request. Grades are normally available within two weeks following the last day of the term. If there are any unpaid charges or other penalties on record against students, request for transcript and class grades will be withheld unless arrangements to the contrary have been made in advance with the Nobel University administration.

GRADING PROCEDURES

Requirements for midterms and other examinations (written and oral), term papers, reports, projects, and other student activities are assigned by each faculty. Make-up examinations, retests, late submission of reports or other special arrangements are made only by the faculty, and only at the faculty's discretion. Either the faculty or Nobel University can administer a make-up examination or retest.

Faculty is not required to offer make-up examinations, retests, or to accept late submissions of work. It is fully within the faculty's discretion to give a failing grade for any examination a student does not take on time, or for any report or other assignment a student fails to submit on time.

FAILING AN EXAMINATION

Faculty may recommend that a retest be granted. Such retests are scheduled at the convenience of the faculty. All retests must be completed before the end of the fourth week of the following semester.

FAILURE TO ATTEND AN EXAMINATION

Without prior authorization by the faculty, failing to attend any examination shall result in a failing grade. No make-up examination can be authorized. Students must repeat the course, paying full tuition.

Extenuating circumstances such as personal health problems, death of a family member, natural disaster, or other serious circumstances with proof of the applicable circumstance will allow students for make-up exams. Students should note that additional fees may occur for rescheduling the exam(s). If circumstances are approved

for the make-up exam, the student is billed and must show proof of payment to a designated proctor before conducting the make-up exam.

STUDENT ACHIEVEMENT

To document student learning outcomes, Nobel University assesses general education achievement using cumulative GPAs for all students.

CUMULATIVE GRADE POINT AVERAGE (CGPA)

As one method of documenting student learning outcomes, Nobel University annually analyzes cumulative GPAs per program, in as much as GPA achievement provides a uniform and comparable measure of student achievement across programs and across time. GPA is calculated on the traditional 4.0 scale.

The CGPA is calculated using the formula below:

$$\text{CGPA} = \text{Total Grade Points Earned} / \text{Total Units Attempted with Letter Grade}$$

SATISFACTORY ACADEMIC PROGRESS (SAP) POLICY

The SAP policy is a statement that addresses the issue of whether students are maintaining satisfactory academic progress in their educational programs. At Nobel University, this policy consists of qualitative and quantitative standards:

MINIMUM ACADEMIC ACHIEVEMENT

Students must attain a minimum CGPA in order to meet minimum requirements for continuing their education at Nobel University and for successfully completing a program.

1. Bachelor of Arts in Business Administration

All undergraduate students must complete 66.67% of all attempted courses and achieve a minimum cumulative grade point average (CGPA) of 2.0 by the end of each academic year. Students not meeting this standard are subject to academic probation.

2. Master of Business Administration

All graduate students must achieve a minimum cumulative grade point average (CGPA) of 3.0 by the end of each academic year. Students whose CGPA fall below this standard are subject to academic probation.

MAXIMUM PROGRAM LENGTH

1. Bachelor of Arts in Business Administration

Students need to complete 120 semester credits with a CGPA of 2.0 or better to graduate. Typically, these credits may be completed in about four (4) years of study. However, the maximum time frame to complete the program is 150% of the typical time frame which equals six (6) years. In other words, students have a maximum of six (6) years to complete the bachelor's program at Nobel University. In order for a student to

stay within the 150%-time frame, he or she needs to successfully complete a minimum of 12 credits per semester.

Students cannot exceed 150% of the number of credits required to complete their degree program. All credits attempted toward the completion of a program of study will be counted in the maximum number of allowable credits. Transfer credits are included in the total.

Credits counted as attempted include:

- All Nobel University courses for which the student receives any of the following grades: A, B, C, D (including plus/minus), F, and I;
- All Nobel University courses marked as W (indicating a course(s) dropped or total withdrawal for the term);
- All credits accepted for transfer from another institution.

Grades of “F”, and “I” will be counted as hours attempted but will not be counted as hours successfully passed. Repeated course enrollment will be counted in the completion rate and against the overall maximum time limit required to complete the program of study. Repeated course enrollment will be calculated in the cumulative GPA according to the Nobel University academic grading policy.

2. *Master of Business Administration*

Students need to complete 36 semester credits with a CGPA of 3.0 or better to graduate. Typically, these credits may be completed in about two (2) years of study. However, the maximum time frame to complete the program is 150% of the typical time frame which equals three (3) years. In other words, students have a maximum of three (3) years to complete the master’s program at Nobel University. In order for a student to stay within the 150%-time frame, he or she needs to successfully complete a minimum of 9 credits per semester.

Students cannot exceed 150% of the number of credits required to complete their degree program. All credits attempted toward the completion of a program of study will be counted in the maximum number of allowable credits. Transfer credits are included in the total.

Credits counted as attempted include:

- All Nobel University courses for which the student receives any of the following grades: A, B, C, D (including plus/minus), F, and I;
- All Nobel University courses marked as W (indicating a course(s) dropped or total withdrawal for the term);
- All credits accepted for transfer from another institution.

Grades of “D”, “F”, and “I” will be counted as hours attempted but will not be counted as hours successfully passed. Repeated course enrollment will be counted in the completion rate and against the overall maximum time limit required to complete the program of study. Repeated course enrollment will be calculated in the cumulative GPA according to the Nobel University academic grading policy.

MONITORING OF STUDENT ACADEMIC PROGRESS

1. *Bachelor of Arts in Business Administration*

Course loads are reviewed at the end of each academic year. Undergraduate students, whose records indicate that they have successfully completed less than 24 credits per academic year, are advised by the Registrar that they are not meeting typical academic satisfactory progress.

2. *Master of Business Administration*

Graduate students, whose records indicate that they have successfully completed less than 18 credits per academic year, are advised by the Registrar that they are not meeting typical academic satisfactory progress.

REPEATED COURSES (R)

Any undergraduate course in which a grade of C- or below or any graduate course in which a grade of B- or below earned can be repeated once. The second grade, for better or worse, is calculated into the cumulative and term grade point average (GPA).

Important Additional Restrictions

1. Students may repeat the same course only once.
2. Students may receive credit hours for a repeated course only once.
3. Undergraduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of C or better.
4. Graduate students will not receive credit for a course repeated after they have completed a more advanced course in the same sequence with a grade of B or better.

It is the recommendation of the School for students to consult with the Chief Academic Officer if they have any questions about repeating courses.

UNSATISFACTORY ACADEMIC PROGRESS

If a student's progress, measured at the end of each semester, is determined to be unsatisfactory and a projection indicates that it is possible to reestablish SAP by the end of the subsequent term, the School may place the student on academic probation. The student will be advised of the performance necessary to reestablish SAP.

CHANGE OF PROGRAM

Nobel University offers only one undergraduate program and one graduate program of study at the Los Angeles Main Campus and the Buena Park Branch Campus.

ADDITIONAL DEGREE

Nobel University offers only one undergraduate and one graduate credential at the Los Angeles Main Campus and the Buena Park Branch Campus. The Satisfactory Academic Progress (SAP) policy for the undergraduate program of a given student does not influence the academic progress of that student at the graduate level.

TRANSFER CREDITS

Transfer credits accepted by Nobel University count toward a student's cumulative completion rate and the maximum program length allowed. Cumulative Grade Point Average (CGPA) is not affected.

CLASSIFICATIONS OF ACADEMIC STANDING

There are three (3) distinct classifications of academic standing reflected on the academic record or transcript. The conditions associated with each of these classifications are described below and are intended to be used to guide the student in his/her academic planning. In particular, students placed on academic probation must meet with the Chief Academic Officer to develop an academic strategy for success that will also allow them to be removed from academic probation.

Good Standing

Good standing status is assigned to the term record of any undergraduate student with a cumulative grade point average (GPA) above the standard of 2.00 at the close of the term. Good standing status is assigned to the term record of any graduate student with a cumulative grade point (GPA) average of 3.00 or higher at the close of the term.

Academic Probation

Undergraduate students will be placed on academic probation when either the term or cumulative GPA falls below 2.00. Likewise, graduate students will be placed on probation when either the term or cumulative GPA falls below 3.00. Students on probation must meet with the Chief Academic Officer to develop an academic plan and establish GPA goals using the Veigel GPA calculator. While on probation, students must adhere to the conditions of the program of study in which they are enrolled. Undergraduate students enrolled in a full-time program of study must complete a minimum of twelve (12) credits but not exceed fifteen (15) credits during probationary term(s) of study. Graduate students enrolled in a full-time program of study must complete a minimum of six (6) credits but not exceed nine (9) credits during probationary term(s) of study. A student in a part-time program of study can enroll in no more than eleven (11) credits in the probationary term(s). Removal from probationary status requires that students achieve both a term and cumulative GPA of 2.00 or higher (for undergraduate students) and a GPA of 3.00 or higher (for graduate students).

Dismissal

1. Term Grade Point Average

Undergraduate students will be dismissed from Nobel University when their term GPA falls below the 2.00 standard for three (3) consecutive terms. Graduate students whose term GPA falls below 3.00 for two (2) consecutive terms, will be dismissed from Nobel University.

Undergraduate students, who earn a term GPA below 1.00, and graduate students who earn a term GPA below 2.00, not including their first term at Nobel University, may be automatically dismissed from Nobel University. That is, they are subject to dismissal without the benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term undergraduate students that obtain a term GPA below 1.00, and graduate students who earn a term GPA below 2.00 will be placed on probation and held to the standards established by the conditions of academic probation.

2. Cumulative Grade Point Average

Undergraduate students will be dismissed from Nobel University when their cumulative GPA remains below the 2.00 standard for the probationary period of three (3) consecutive terms unless an extended period is approved by the Chief Academic Officer.

Undergraduate students who earn a cumulative GPA below 1.00, not including their first term at Nobel University, may be automatically dismissed from the School. That is, these students are subject to dismissal, without benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term students that obtain a GPA of or below 1.00 will be placed on probation and held to the standards established by the conditions of academic probation.

Graduate students will be dismissed from the School when their cumulative GPA remains below the 3.00 standard for the probationary period of two (2) consecutive terms unless an extended period is approved by the Chief Academic Officer.

Graduate students who earn a cumulative GPA below 2.00, not including their first term at Nobel University, may be automatically dismissed from the School. That is, these students are subject to dismissal, without benefit of a probationary period. Such students have the opportunity to appeal the dismissal decision, as described below. First term students that obtain a GPA of or below 2.00 will be placed on probation and held to the standards established by the conditions of academic probation.

3. Right to Appeal a Dismissal Decision

Students have the right to appeal a dismissal decision. They may do so by requesting for an appeal to the Chief Academic Officer. The request must be submitted by students within seven (7) days of having been notified that they are being dismissed from Nobel University and in no case later than the first day of classes in the term in which the dismissal is to take effect.

Upon submitting the request to appeal the dismissal decision, the student will be scheduled to meet with the Chief Academic Officer in order to discuss his or her academic progress and plan. A final decision regarding the outcome of the student's appeal will be communicated at this meeting. If a student seeks to be reinstated for the term into which the dismissal is to take effect, he/she must meet with the Chief Academic Officer before end of the first week of the term. After that date, appeals will be considered for the subsequent term.

4. Terms of Reinstatement after Dismissal

Reinstatement to Nobel University is subject to the following conditions:

- For Full-Time Students

Students are expected to meet the Academic Standard of Nobel University by the time they are to graduate. Undergraduate students must enroll in and complete no fewer than twelve (12) and no more than sixteen (16) credits unless otherwise approved by the Chief Academic Officer. Graduate students must enroll in and complete no fewer than six (6) and no more than nine (9) credits unless otherwise approved by the Chief Academic Officer. During the period of reinstatement, a student cannot change his/her program of study or status.

- For Part-Time Students

Students are expected to meet the Academic Standard of Nobel University by the time he/she is to graduate. Undergraduate students can enroll in and complete no more than eleven (11) credits during the readmitted term. The student must obtain a minimum term GPA of at least a 2.00 during the readmitted term and may not earn grades of "D" or below, or "I" in any given course during this term. If the student does not meet the 2.00 GPA standards as established under the conditions of reinstatement, he/she will be dismissed from the School. Failure to meet the above conditions will result in dismissal from the School.

Graduate students can enroll in and complete no more than five (5) credits during the readmitted term. The student must obtain a minimum term GPA of at least a 3.00 during the readmitted term and may not earn grades of "C" or below, or "I" in any given course during this term. If the student does not meet the 3.00 GPA standards as established under the conditions of reinstatement, he/she will be dismissed from the School. Failure to meet the above conditions will result in dismissal from the School.

Such dismissal is considered final unless overturned by the Chief Academic Officer. A final dismissal decision may not be appealed.

5. Final Dismissal

Students who: (a) do not appeal the initial dismissal decision, (b) receive a negative decision from the Chief Academic Officer, (c) fail to meet the conditions of reinstatement, or (d) who fail to maintain F-1 student status (international students only), are dismissed from Nobel University.

PETITION FOR READMISSION

Students who have been dismissed from the School must wait at least one semester before applying for readmission and must submit a Petition for Readmission to the Chief Academic Officer. In order to be considered, the students must submit a written petition which describes the changes in behavior or circumstance that will result in improved academic performance. The readmission petition must be submitted to the Chief Academic Officer at least ten (10) days before the beginning of the semester in which the student request readmission. The Chief Academic Officer will determine if the student has demonstrated the likelihood of future success in the program of study. The Chief Academic Officer will notify the student in writing concerning readmission. If readmission is granted, a student may resume course work at Nobel University.

APPLICATION FOR GRADUATION

Application for graduation is available at the Nobel University Admissions Office and should be filed four weeks before the end of the student's last semester. Students who have filed applications for graduation, but have failed to complete degree requirements, will not be processed for graduation.

Successful completion of 120 semester credits with a minimum Grade Point Average of 2.00 is required to graduate from the Bachelor of Arts in Business Administration program.

Successful completion of 36 semester credits with a minimum Grade Point Average of 3.00 is required to graduate from the Master of Business Administration program.

POST HOLIDAY MAKE-UP DAY

If a holiday falls on a normally-scheduled day of classes, the School will hold make-up class hours on the following Friday, starting at 1:00 pm.

MY WEEKLY PLAN SHEET

MY WEEKLY PLAN

Use this planner to account for class times, meetings, standing appointments, eating, sleeping, exercising, work, volunteer activities, family time, and social time. Include the hours each class takes in study/preparation time by using the "Two for One" rule; for each unit your class carries, expect to spend two hours of study time outside of the classroom. List each class and estimate how many hours you need to devote each week. Begin filling in the available study time until you have accounted for all of the hours you estimated for each class.

TIME MANAGEMENT – Who’s the boss?

TIME MANAGEMENT

Who’s the boss?

*Who is in control of your life?
Who decides how you spend your time?
Who decides what is important for you?*

YOU ARE THE BOSS BECAUSE

YOU are in control;
YOU make wise decisions about
how you manage your time;
YOU decide what is important in your life

..... Don't you?

*If not, isn't it about **time** that you did?*

FIRST DECIDE WHAT IS IMPORTANT:

- Should be positive
- Should be realistic
- Should be achievable
- Should be worth what it will take
- Should include a time frame
- Should be open to change

ORGANIZE YOUR LIFE FOR SUCCESS!

- Organize a place to study
- Organize each course
- Organize your employment
- Organize your family responsibilities

UNDERSTAND THE “TWO FOR ONE” RULE

AVC courses are written to include two hours of study or preparation outside of class for every hour inside a lecture class (lab classes are different). So, if you are enrolled in 12 units of lecture class, then you should plan for 24 hours of study or preparation outside of class. Have you?

CREATE A STUDY PLAN

A semester plan
A weekly plan

Use “spare” time well
Rethink and ask for help if necessary

USE TIME WISELY

Prioritize!
Write it down!
Do two things at once

SELF MONITOR

Be honest with yourself
Be critical of yourself
Be wary of distractions

For assistance creating study plans and organizing your schedule,
make an appointment with the Administrator of Student Services.

STUDENT SERVICES

Whether you are a student or a staff member, Nobel University is dedicated to providing the best opportunities to you while on campus. Here, you will find information that helps you be an involved and knowledgeable member of our community. Students may refer to the Administrator of Student Services for more information about the services offered at Nobel University.

ADVISING AND GUIDANCE

Some students may experience academic difficulties not because they do not understand the specific course material, but rather due to other factors such as excessive anxiety, poorly developed study skills or unrealistic expectations about how much they can handle.

Nobel University provides a friendly setting in which students may explore concerns of a personal, academic or career-related nature. In addition, advising and guidance services can enrich the lives of students by guiding their educational path and empowering them to make mature choices; thus allowing the student responsibility for their academic success.

Several advising options are available to students at Nobel University.

First, Department Chairs are available by appointments for academic advising with regards to academic and career planning.

The scope of this activity includes:

1. analyzing interests related to academic and career planning or
2. selecting courses and student activities that maximize potential and opportunities
3. developing an academic plan that encompasses both the course work and the supplemental needs of the student

Second, the Office of Student Services provides confidential and personal discussion/s concerning life situations, which may affect the student's learning or personal development. If necessary, referrals are made to professional counselors in governmental agencies or private counseling facilities.

CHOICES OF SUCCESSFUL STUDENTS

CHOICES OF SUCCESSFUL STUDENTS

SUCCESSFUL STUDENTS...	STRUGGLING STUDENTS...
1. ... ACCEPT SELF-RESPONSIBILITY , seeing themselves as the primary cause of their outcomes and experiences.	1. ...see themselves as victims , believing that what happens to them is determined primarily by external forces such as fate, luck, and powerful others.
2. ... DISCOVER SELF-MOTIVATION , finding purpose in their lives by discovering personally meaningful goals and dreams.	2. ...have difficulty sustaining motivation, often feeling depressed, frustrated, and/or resentful about a lack of direction in their lives.
3. ... MASTER SELF-MANAGEMENT , consistently planning and taking purposeful actions in pursuit of their goals and dreams.	3. ...seldom identify specific actions needed to accomplish a desired outcome. And when they do, they tend to procrastinate .
4. ... EMPLOY INTERDEPENDENCE , building mutually supportive relationships that help them achieve their goals and dreams (while helping others to do the same).	4. ...are solitary , seldom requesting, even rejecting offers of assistance from those who could help.
5. ... GAIN SELF-AWARENESS , consciously employing behaviors, beliefs, and attitudes that keep them on course.	5. ...make important choices unconsciously, being directed by self-sabotaging habits and outdated life scripts.
6. ... ADOPT LIFE-LONG LEARNING , finding valuable lessons and wisdom in nearly every experience they have.	6. ... resist learning new ideas and skills, viewing learning as fearful or boring rather than as mental play.
7. ... DEVELOP EMOTIONAL INTELLIGENCE , effectively managing their emotions in support of their goals and dreams.	7. ...live at the mercy of strong emotions such as anger, depression, anxiety, or a need for instant gratification.
8. ... BELIEVE IN THEMSELVES , seeing themselves as capable, lovable, and unconditionally worthy as human beings.	8. ...doubt their competence and personal value, feeling inadequate to create their desired outcomes and experiences.

CAREER SERVICES

While Nobel University makes no explicit or implied guarantee of job placement, starting salary, and income expectations for current students or graduates, the School assists students in their attempts to secure employment from prospective hiring companies in their field of study through career coaching, workshops, or seminars. Services provided include, but are not limited to; resume writing workshops, interview preparation, etc. The School also provides various resources for job opportunities, such as career fairs held in local communities and by posting job resources on the School Job Boards.

International students desiring employment in the United States must comply with the United States Department of Homeland Security (DHS) regulations. Students must consult with the Administrator of Student Services about these regulations before applying for any employment. To become eligible for employment, all qualifying international students must apply for Optional Practical Training (OPT). To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number.

Students should note that additional fees may occur for rescheduling the exam(s). If circumstances are approved for the make-up exam, the student is billed and must show proof of payment to a designated proctor before conducting the make-up exam.
